

# Fall

TobyMac

One thing leads to another  
It was a Garden of Eden, it was like no other  
Everything I needed, everything I could want  
And every time I turned around I was singing our song

So what happened girl? How could I forget?  
We always had something since we were just kids  
I may dip in it now, but no matter how I stack this  
I conclude, you're matchless

Like a star that's bound for Earth  
Autumn leaves that just let go  
Your gravity takes me like a domino

I fall for you again  
Every time just like the first time  
I fade away, you draw me back  
Your love wins me over  
I fall for you again  
I can't believe that after all this time, you're still mine  
I'm still yours, your love wins me over  
I fall for, I fall for you (your love wins me over)  
I fall for, I fall for you

Some say it's a little romantic  
But me? Imma have to chance it  
If they can talk about their love is like there ain't no other  
Surely I can tell 'em 'bout the real I discovered  
I know they gonna call it old fashioned  
But they ain't about to rattle my passion  
Cuz it's you and me, label me the dreamer  
It's a wrap girl, I'm around your finger

Like a star that's bound for Earth  
Autumn leaves that just let go  
Your gravity takes me like a domino

I fall for you again  
Every time just like the first time  
I fade away, you draw me back  
Your love wins me over  
I fall for you again  
I can't believe that after all this time, you're still mine  
I'm still yours, your love wins me over  
I fall for, I fall for you (your love wins me over)  
I fall for, I fall for you

Oh, oh, oh  
Everyday's a new day to love you  
Oh, oh, oh  
All my dreams lead back to you  
Oh, oh, oh  
I can't count the ways, the ways I love you  
Oh, oh, oh  
You're my godsend, baby it's true

I fall for you again

Every time just like the first time  
I fade away, you draw me back  
Your love wins me over  
I fall for you again  
I can't believe that after all this time, you're still mine  
I'm still yours, your love wins me over  
I fall for, I fall for you (your love wins me over)  
I fall for, I fall for you
