

God Did It

TobyMac

Ain't nobody but God did it
There's no way around
Some things you can't explain away
Too good for me to doubt

I met him at a time when his life was breakin' down
Lost his job and his wife
He was 98 pounds on a good day
And there weren't too many of 'em
Told me he's hard to live with, much less to love him
He asked me if I'd pray, but he didn't say when
So I stopped in that parkin' lot and went right in
Said "God, would You give him all the hope that You're known for?
The kind that brings dead men up from the cold floor?"

It was one year six months to the day
That I saw him pullin' up to his place
With his wife, newborn on the way
And all he really had to say was

Ain't nobody but God did it (God did it)
There's no way around
Some things you can't explain away
Too good for me to doubt
Said nobody but God did it (God did it)
Showered me in love
When it looked like it was over
He went and did just what He does
God did it

Ain't nobody, ain't nobody
But God did it
Ain't nobody, ain't nobody
But God
Ain't nobody, ain't nobody
But God did it
Ain't nobody but God did it
Ain't nobody but God

Brokenhearted on the front row of my show
I see you out there hangin' on
Don't you let go
Even though you don't love His timin'
You still believe in the story He's writin'

So, hold on
(We're countin' on the long game)
Hold on
(You're 'bout to see the real thing)
Hold on

And we'll be saying at the end of it all

Ain't nobody but God did it (God did it)
There's no way around
Some things you can't explain away
Too good for me to doubt

Said nobody but God did it (God did it)
Showered me in love
When it looked like it was over
He went and did just what He does
God did it

Ain't nobody, ain't nobody
But God did it
Ain't nobody, ain't nobody
But God
Ain't nobody, ain't nobody
But God did it
Ain't nobody but God did it
Ain't nobody but God

When life was pushin' down
Prayers were goin' up
When life was pushin' down
Prayers were goin' up
When life was pushin' down
Prayers were goin' up
God did it, God did it

When life was pushin' down
Prayers were goin' up
When life was pushin' down
Prayers were goin' up
When life was pushin' down
Prayers were goin' up
God did it, God did it

Ain't nobody, ain't nobody
But God did it
Ain't nobody, ain't nobody
But God
Ain't nobody, ain't nobody
But God did it
Ain't nobody but God did it
Ain't nobody but God

Ain't nobody but God
Ain't nobody but God did it
Ain't nobody but God
Ain't nobody but God did it
God did it

God (Yes it is, yes it is)
God did it (God did it, yes He did it)
God (Oh yeah, oh yeah)
God did it, God did it
God
