

## Promised Land

TobyMac

Head down as I punch this clock  
The hours roll they never stop  
And I can't ever seem to get ahead

Always tryin' to do what's right  
The straight and narrow's getting tight  
Don't know how much longer I can stand

And I'm wonderin' yeah I'm wonderin'  
Where's my promised land

Out here on this desert road  
It's hot as fire but I've grown cold  
Circlin' like a plane that never lands

And even though the questions change  
The answers always stay the same  
Maybe someday I will understand

So I'm wonderin', got me wonderin'  
Where's my promised land

Yeah I'm wonderin' still I'm wonderin'  
Where's my promised land

Well I've run this earth for many years  
And there's one thing I know  
There's nowhere on this side of heaven  
Where streets are made of gold  
I've long laid down my grand illusions  
Lookin' toward the day that I'll be home

I won't give up on this race  
Broken but I still have faith  
That this old life is all part of a plan  
And I can feel it in my soul  
One day I'll stand before the throne  
With nothing left but hope in these two hands

Through all these seasons, I'm still believin'  
You're my promised land  
In all my grievin' I'm still believin'  
You're my promise land

You're my promise land  
You're my promise land  
You're my promise land
