Space

TobyMac

I've replayed it like a thousand times, I rewind it in my head
I can tell you that I lost my mind, or what I should've done instead
'Cause the way that I felt when we parted ways
Got me all in my head, got me countin' the days
Got me hopin', got me prayin'
You are in my heart

But what do we do with this space?
What do we do with this space between us? (This space between us)
How can we start to erase?
How can we start to erase this space between us? (This space between us)

Would you step across a party line?
Would you walk into my cold cell?
Can you see me in a different light?
Would you meet me at the well?

'Cause the way that I feel when you look my way
Got me all in my head, got me starting to think
Is it too far? Are we too scarred?
Yeah the heart is there, but what do we do with this space

But what do we do with this space?
What do we do with this space between us? (This space between us)
How can we start to erase?
How can we start to erase this space between us? (This space between us)

Yeah, I got nothing but love for you
(Nothing but my love for you)
And I know you feel the same way too
But this space... What do we do with this space between us?

What do we do with this space?
This space

It keeps no record, it keeps no record of wrong
It keeps no record, record, record

Love keeps no record
Love keeps no record
Love keeps no record of wrong
Love keeps no record
We're never too far gone

Love keeps no record
Love keeps no record
Love keeps no record of wrong
Love keeps no record
We're never too far gone

Love keeps no record
No record
Love keeps no record
It keeps no record
Love keeps no record
We're never too far gone
