

# The Elements

TobyMac

I lace the boots up, it's straight to the door  
'Cause this, is worth fighting for  
I get my head right, the heart's gotta follow  
Whisper a prayer like there ain't no tomorrow  
Take a breath, and I exhale slow  
I wasn't made for this kind of cold  
This ain't the kind of place that you wanna know  
These are the elements, I'm telling you bro  
This world, is up in my grill  
This world, is shooting to kill  
This world always gotta be stealing my heart  
This world always tryin' to rip my family apart (apart, apart, apart)

I'll fight the elements (elements, elements, elements)  
I'll fight the elements (elements, elements, elements)  
I got spirit, I got faith  
I might bend but I won't break  
I'll fight the elements (elements, elements, elements)

And I'ma gonna go down swinging, if I go down  
I'ma gonna go down swinging, if I go down  
I'ma gonna go down swinging, if I go down  
I'ma gonna go down swinging, if I go down

This ain't our home, nah, not even close  
They camouflage like we're fighting some ghost  
You start to doubt everything that you know  
I feel the heat and it's starting to show  
They try to break us, break us, make us wanna give in  
Lay down our arms, novocain us again  
Lay down a fight, I could never relent  
And I'ma take it all the way to the end

I'll fight the elements (elements, elements, elements)  
I'll fight the elements (elements, elements, elements)  
I got spirit, I got faith  
I might bend but I won't break  
I'll fight the elements (elements, elements, elements)

And I'ma gonna go down swinging, if I go down  
I'ma gonna go down swinging, if I go down  
I'ma gonna go down swinging, if I go down  
I'ma gonna go down swinging, if I go down  
Let's go

Elements, the elem-elements  
Elements, the elem-elements  
Elements, the elem-elements  
Elements, the elem-elements  
Elements, the elem-elements  
Elements, the elem-elements  
Elements, the elem-elements  
Elements, the elem-elements

Father, God, let me see it for what it is  
This ain't neutral we're up against  
These elements push me to the fence

And then I end up on top of it  
If I'm not careful...  
To recognize what is pushing in  
Open my eyes to these elements  
Stand up and rise to these elements  
I'm willing to fight, willing to fight  
The elements

Elements, the elem-elements (I can feel it)  
Elements, the elem-elements (I can feel it)  
Elements, the elem-elements (I can feel it)  
Elements, the elem-elements (let's go)  
Elements, the elem-elements (I can feel it)  
Elements, the elem-elements (I can feel it)  
Elements, the elem-elements (I can feel it)  
Elements, the elem-elements

Elements, the elem-elements (I can feel it)  
Elements, the elem-elements (I can feel it)  
Elements, the elem-elements
