

# Loved

Todd Agnew

I've fallen in love many times before  
And falling in's definitely better than falling out  
It left my heart in pieces scattered on the floor  
And happily ever after seemed in doubt

'Til You say You love me  
And You say You want me  
You say my heart has found its home  
You overwhelm me  
Each time that You tell me  
That I'm right where I belong  
Through all of the lonely years  
The shame and fear  
It's so hard to believe  
But You're teaching me how to be loved

I spent so many years just trying to impress  
Thinking no one could like me as I am  
But You chose to love me in the middle of my mess  
And on that day a whole new life began

'Cause You say you love me  
And You say You want me  
You say my heart has found a home  
You overwhelm me  
Each time that You tell me  
That I'm right where I belong  
Through all of the lonely years  
The shame and fear  
It's so hard to believe  
But You're teaching me how to be loved

You first loved me  
And that's redefining everything  
All that You are changes all I believe about me

You say You love me  
You say You want me  
You say my heart has found a home  
You overwhelm me  
Each time that You tell me  
  
That I'm right where I belong  
Through all of the lonely years  
The shame and fear  
It's so hard to believe  
But You're teaching me how to be loved
