

## Bless Your Name

Todd Dulaney

Bless Your name, bless Your name  
I was created for praise  
From the dust of the earth to Your breath in me  
I was created, to give you glory

Early in the morning, I'll seek Your face Oh God  
In the middle of the day, I'll seek Your face my King  
Even in the evening, I'll seek Your face my God  
And for the rest of my days, I'll seek Your face my King

Bless Your name, bless Your name  
I was created for praise  
From the dust of the earth to Your breath in me  
I was created  
Bless Your name, bless Your name  
I was created for praise  
From the dust of the earth to Your breath in me  
I was created  
I was created, to give you glory
