

# Favor

Todd Dulaney

Oh Lord, let Your favor fall down  
Oh Lord, let Your favor fall down  
Cause we need a shower of privilege from the Holy One above  
Oh Lord, let Your favor fall down

Oh Lord, let Your favor fall down  
Oh Lord, let Your favor fall down  
We need Your shower of privilege from the Holy One above  
Oh Lord, let Your favor fall down

Let Your favor fall down

Because Master in your face is where your favor lies  
So please don't turn away from me and don't you leave my side  
We need a shower of privilege from the Holy One above  
Oh Lord, let Your favor fall on us now

Master in your face is where your favor lies  
So don't turn away from me and don't you leave my side  
We need a shower of privilege from the Holy One above  
Oh Lord, let Your favor fall, favor fall down

Let Your favor fall down

I'm favored, I'm favored  
I'm favored, I'm favored  
I'm favored, I'm favored  
I'm favored, I'm favored
