

## Follow You

Todd Dulaney

It may not be easy  
But Lord I keep running to you  
Sometimes I get weary  
But I know that You're pulling me through  
When it feels like it's ending  
My heart will depend on Your truth, Yes  
I'm working hard to follow You  
Yes, I'm working hard to follow You  
It may not be easy  
But Lord I keep running to you  
Sometimes I get weary  
But I know that You're pulling me through  
When it feels like it's ending  
My heart will depend on Your truth, Oh Yes  
I'm working hard to follow You  
Yes I'm working hard to follow You  
I'll keep running, I'll keep running to You  
I'll keep running, I'll keep running to You  
I'll keep running, I'll keep running to You  
I'm working hard to follow You  
Yes I'm working hard to follow You

I will, I'll keep running to You  
I will, I'll keep running to You  
I will, I'll keep running  
I'm working hard to follow You  
Yes I will, I'll keep running to You  
Yes I will, I'll keep running to You  
Yes I will, I'll keep running  
I'm working hard to follow You  
Yes I will, I'll keep running to You  
Yes I will, I'll keep running to You  
Yes I will, I'll keep running  
I'm working hard to follow You  
Yes I will, I'll keep running to You  
Yes I will, I'll keep running to You  
Yes I will, I'll keep running  
I'm working hard  
Yes I will, I'll keep running to You  
Yes I will, I'll keep running to You  
Yes I will, I'll keep running  
I'm working hard  
To follow You
