I have one request
It's my hearts desire
I hope it's not too much
Hear my humble cry

All I ask is for You
To get the glory
I don't mean to bother you but
All I ask is for You
To get the glory

I don't ask for fame
Cause all those things will fade
I know one thing's for sure
You must lead the way

All I ask is for You
To get the glory
I don't mean to bother you but
All I ask is for You
To get the glory
I don't mean to worry you but
All I ask is for You
To get the glory
I don't mean to worry you but
All I ask is for You
To get the glory
To get the glory

You get the glory
Forever and always
You get the glory
Always
You get the glory
Forever
You get the glory
Always
You get the glory
...
