

Great Things

Todd Dulaney

When I thought it was over
Then You did it again
Thought I would make it
But You did it again
When it felt like it was the last time
You did it again
And I wouldn't get through it
Then You did it again

My God keeps doing
Great things for me
Oh yes He's doing
Great things for me

My God keeps doing
Great things for me
Oh yes He's doing
Great things for me

Great things
Great things
Great things
Great things

Great things
Great things
Great things
Great things

He's doing
Great things
Great things
Great things
Great things

He's doing
Great things
Great things
Great things
Great things

Great things
Great things
Great things
Great things

Great things
Great things
Great things
Great things
