

Pour Me Out

Todd Dulaney

Pour me out
Pour me out
All I am is yours
All I am is yours

Pour me out
Pour me out
All I am is yours
All I am is yours

Pour me out
Pour me out
All I am is yours
All I am is yours

Surround me with your glory
And fill me with your love
Till I overflow

Pour me out
Pour me out
All I am is yours
All I am is yours

Pour me out
Pour me out
All I am is yours
All I am is yours

Surround me with your glory
And fill me with your love
Till I overflow

I step down from the throne of my heart
Saying all I am it was yours from the start
Casting down my crown at your feet
All I am is yours

I step down from the throne of my heart
Saying all I am it was yours from the start
Casting down my crown at your feet
All I am is yours

I step down from the throne of my heart
Saying all I am it was yours from the start
Casting down my crown at your feet
All I am is yours

All I am is yours
All I am is yours
All I am is yours
