

Put The Attention On Jesus

Todd Dulaney

It's amazing how we've gone after the show. How we hardly say His name anymore
I think it's strange how we love to jump and shout but never wanna tell the world what it's about
I'm amazed that the One who gave His life

Is not the feature of every single night
I think it's sad how the man who paid the price is being drowned out by all the fluff and lights

Let's put the attention back where it belongs, back upon the Son, He is the one who died for us
Let's put the attention back upon the cross, back upon the Lord, He is the King He's why we sing

Put the attention on Jesus
Cause that's where it belongs
Put the attention on Jesus!
Yeah yeah

If I be lifted up from all the earth I'll draw all man unto me
If I be lifted up from all the earth I'll draw man!

Put the attention on Jesus
Forever we lift you up
Put the attention on Jesus!
Yeah yeah

(What's His name) Jesus Jesus Jesus
