

Simply Amazing

Todd Dulaney

Oh oh oh oh oh oh yeah
I never knew i'd be loved by You
You came along and You drew me near to Your heart
I wish I knew from the start
How everything's changed by one touch from You
And over and over You saw me through all the rain
Yes through all the pain
You opened my eyes so that I may see You're amazing
Changed my heart, making me complete, You're amazing

Lord You are
Everything I need You to be
You're everything I want, I can see
Yes... Lord You are
You're simply amazing to me

Oh oh oh uh yeah
Yes You are

I never knew i'd be loved by You
You came along and You drew me near to Your heart Jesus
I wish I knew from the start
How everything's changed by one touch from You
And over and over You saw me through all the rain
Yes through all the pain, yes
You opened my eyes so that I may see You're amazing
Changed my heart, making me complete, You're amazing

Lord You are
You're everything I need You to be
You're everything I want, I can see
Yes... Lord You are
Simply amazing to me

You're everything I need You to be
You're everything I want, I can see
Yes... Lord You are
You're simply amazing to me

If I had ten thousand tongues
It still won't be enough to say thank You
For all You've done for me
Oh oh uh
And if I had my way I would
Take every second and make it count
By laying at Your feet

'Cause Lord You are
Everything I need You to be
You're everything I want, I can see
Yeah...
You're simply amazing to me

Lord You are
Everything I need You to be
You're everything I want, I can see
Yes... Lord You are

Simply amazing to me

My God is simply amazing
Oh try Him and see for yourself
Oh yes... oh my
Lord You are...
You're simply amazing to me
Oh yes You are
