Sit down Your power, sit down Your glory
'Cause we live for You alone
We live for You, sing it

Sit down Your power, sit down Your glory
'Cause we live for You alone
We live for You

Sit down Your power, sit down Your glory
We live for You alone
We live for You alone

Sit down Your power, sit down Your glory
We live for You alone
We live for You alone

We live for You alone
We live for You alone
We live for You alone
We live for You alone

Lift up those hands, open up your mouth
And I promise you, we gon' worship until it breaks
We gon' worship the King until it break
Sing it one time

So sit down Your power, sit down Your glory
We live for You alone
We live for You

Sit down Your power, sit down Your glory

Overflow in this place
Y'all heard my start now come on
Oh, God, we say it now, overflow in this place

Oh, my God, sit down and let it rain, oh, God
Overflow in this place
Sit down and let it rain, yeah

Overflow in this place

Come on, come on, let's go deeper
Release it, release it, release
Release it, release it, release

We just want You

We just want You
We just want You
Say it

We just want You

We just want You
We just want You
We just want You

I'll take You, Jesus, over everything
Over everything
I'll take You, Jesus, over everything
Over everything

Over everything
