

# Angry Bird

Todd Rundgren

Everybody's talking, tell me have you heard  
I know it sounds fantastical, I know it sounds absurd  
It's an angry bird

She's mad of a soakin' chicken  
At alert level orange  
Some pig is trying to control her eggs  
Time to take her revenge  
She's an angry bird

She's an angry bird  
She's an angry bird  
She's an angry bird  
She's an angry bird

The piggies up in the statehouse  
Couldn't leave well enough alone  
Now she's flying off the handle  
And flingin' herself like a stone  
She's an angry bird

Now the pig party is pooped  
And the answer has been found  
Tell me just how many angry birds  
It takes to knock a pigpen down  
She's an angry bird

She's an angry bird  
She's an angry bird  
She's an angry bird  
She's an angry bird

She's an angry bird  
She's an angry bird  
She's an angry bird  
She's an angry bird  
She's an angry bird

She's an angry bird  
She's an angry bird  
She's an angry bird  
She's an angry bird  
She's an angry bird

Are you angry now?  
Are you angry now?  
Are you angry now?  
Are you angry now?
