

Anywhere

Todd Snider

Sky full of birds in a flying V
Moving down through Tennessee
They look a little like you and me, you know

Car full of gas on the Natchez Trace
Changing lanes in the same old race
To find some kind of warmer place to go

I don't know what we're running from
But look how far we've come anyway

Hey baby, I ain't afraid to be your man
I don't need a destination, I'm not waiting for a plan
Let's get out of here, I'll go anywhere with you
Let's get out of here, I'll go anywhere with you

I've heard people say they had it made
Back some place where they wish they'd stayed
I'm still not afraid to take this chance

I've always thought there was something wrong
With hangin' around one town too long
Workin' the same old worn out song and dance

I wanna dance to any drum we choose
We ain't got a thing to lose either way

Hey baby, I ain't afraid to be your man
I don't need a destination, I'm not waiting for a plan
Let's get out of here, I'll go anywhere with you
Let's get out of here, I'll go anywhere with you

Hey baby, I ain't afraid to be your man
I don't need a destination, I'm not waiting for a plan
Let's get out of here, I'll go anywhere with you
Let's get out of here, I'll go anywhere with you
Let's get out of here, mmm...
