

Cowboy Jack Clement's Waltz

Todd Snider

Ain't nothing wrong with a waltz as long
As everyone is playing it right
Read all about it in the three quarter times
No comet ever burned half as bright

Cowboy jack clement believe you me
Sharp as a tack piano key
This town will never be the same
Now that he's gone

In spite of what all of these experts may say
These experts are often times wrong
It shouldn't take more than
Three or four minutes
To record your number one song

Cowboy jack clement I guarantee
Sharp as a tack piano key
This town will never be the same
Now that he's gone
But there's still a little bit
Of shaking
Going on
