

## Deja Blues

Todd Snider

She said take your money and stick it where the sun don't shine  
Pack up your stuff and don't touch nothing of mine  
Get your fingers off of me and move on down the line

I got the deja blues all over again  
I got the deja blues all over again  
I just lose and lose  
I can't seem to win

My boss man told me they had to let me go last night  
So I went out drinking but I ended up in a fight  
I seen the left one coming but he caught me with a right

I got the deja blues all over again  
I got the deja blues all over again  
I just lose and lose  
I can't seem to win

The lawman come and hauled me off to jail  
Billy Joe called up my mamma but she wouldn't pay my bail  
We it comes to losing I can't seem to fail

I got the deja blues all over again  
I got the deja blues all over again  
I just lose and lose  
I can't seem to win
