

East Nashville Skyline

Todd Snider

Watchin' TV just makes me sad
Too many people treatin' people too bad
There's no hope

My old lady she sure gonna be mad
I just spent the last 50 bucks we had
On bad dope

East Nashville skyline, crossin' over to a state of mind
Leavin' all my troubles way behind that ol' Cumberland River
East Nashville skyline, discount cigarettes, liquor and wine
Anywhere, anytime, we deliver

I'm still mad about the Slow Bar
I guess that's just the way things are
Somethin' good comes along then it's gone

Kinda like the Phoenix Radio
We used to listen then where did it go
It went off of the air so that more Sheryl Crow could come on,
come on

East Nashville skyline, crossin' over to a state of mind
Leavin' all my troubles way behind that ol' Cumberland River
East Nashville skyline, discount cigarettes, liquor and wine
Anywhere, anytime, we deliver

Crossin' the river to play 'em our songs
They're prolly right when they say we're all wrong
For these days

So much for money, so much for big
Who needs the trouble man there's always a gig
At the cafe, the Radio Cafe

East Nashville skyline, crossin' over to a state of mind
Leavin' all my troubles way behind that ol' Cumberland River
East Nashville skyline, discount cigarettes, liquor and wine
Anywhere, anytime, we deliver
