

# Godsend

Todd Snider

Trailer door, drink one more  
Life goes on  
Hotel walls and wake up calls  
Another sleepless dawn

First days smoke, the waitress jokes  
And more coffee

Godsend, Godsend  
Send me an angel to love

Bachelor life, you got two ex-wives  
And a beer can pile  
Nightclub world, ashtray girl  
She's got a crooked smile

Forty years, no lost tears  
I'm still waiting

Godsend, Godsend  
Send me an angel to love

Godsend, Godsend  
Send me an angel to love

Red beer sign, fools in line  
Weekend crowd  
Drain the cup to loosen up  
And laugh out loud

I'll survive, stay alive  
And keep praying up above

Godsend, Godsend  
Send me an angel to love

Godsend, Godsend  
Send me an angel to love  
Send me an angel to love  
Send me an angel to love, to love
