Todd Snider

Satisfaction guaranteed  
I want what you promised me  
I want satisfaction  
Satisfaction guaranteed  
Now power tie  
No power lunch  
I wouldn't tell you a lie  
I got this knock out punch  
When I'm channel surfing USA  
Watching those hours roll by  
I know I may be throwing my time away  
At least I'm remotely in control

## Chorus

I get my satisfaction  
Satisfaction guaranteed

Indecision may or may not be my problem  
I can't say  
Dollar bills buy nervous laughter  
It's all too loud for me  
Happily here ever after  
Mister you just wait and see

Stand back world  
I'm standoffish  
And I have made my wish  
On a satellite dish  
Viva satellite  
Viva satellite  
Satisfaction guaranteed  
I want what you want from me  
I want satisfaction  
Satisfaction  
Satisfaction guaranteed  
Hey ayyyyy hey hey
