

# Moon Child

Todd Snider

I'm a moon child  
Have you understand  
I'm not, no  
I'm a moonlight man  
The days are uptight, you know  
They're controlled by the law  
Everybody's workin'  
They just a-tryin' to get off

I'm like the moon, yeah  
I'm hangin' out now  
I'm high in the sky  
Oh, I come with the night  
And I'm gone in, I'm gone in the mornin' light

When the moon goes down  
You know it hides somewhere  
It's prob'ly got all  
Of his goodies stashed there  
He's takin' his rest  
Just gatherin' up some strength  
You never know, you never know  
What tomorrow night might bring

I'm like the moon, yeah  
I'm a-hangin' out now  
High in the sky  
Oh, I come with the night  
And I'm gone in, I'm gone in the mornin' light  
Gone in the mornin' light

When it's dark outside  
And there ain't no light  
You got to give off  
From your light inside  
You give to me  
Honey, I give it back to you  
And that's the way we're gonna make it  
The whole night through

I'm like the moon, yeah  
Hangin' out now  
High in the sky  
Oh, I come with the night  
And I'm gone in, I'm gone in the mornin' light  
Gone in the mornin' light

I'm a moon child  
I'm a moon child  
I'm a moon child  
Yes, I'm a moon child

I'm a moon  
I'm a moon child  
I'm a moon child, I'm a moon child  
I'm a moon child
