

Slim Chance

Todd Snider

I found a four leaf clover
In my yard today
It had one leaf missing off it
But that was okay
Looking it over I could easily see
Four is only just one more than three
That's close enough for me
Must be my lucky day

A slim chance
Is still a chance
A slim chance
Is still a chance
Hey hey
You don't necessarily have to pay the fiddler to dance

Christmas lights shining
On the Fourth of July
We've got the radio playing
Watching cars go by
I keep living in the lap of poverty
She makes me feel like I won some kind of lottery
The way she keeps looking over at me

A slim chance
Is still a chance
A slim chance
Is still a chance
Hey hey
You don't necessarily have to pay the fiddler to dance
Hey hey
You don't necessarily have to pay the fiddler to dance
