

Animals

Todrick Hall

Uh, oh turn the radio up
Uh, oh turn the radio up

Last night, things got a little bit crazy
And tonight, things are gonna get crazier
So hop in my ride
'Cause I feel like misbehavin'
We'll find a party and we'll just roll up
We aren't invited but we still show up

Like ladidadida
Red cups up
With our gold chains on
Yeah they're playing my song
Like ladidadida
I'm sippin' on you while you're grindin' on me
This is how we be

'Cause we crash the party
And we don't leave 'till the sun comes up
We're just getting started
'Cause we up
'Cause we yell that we're animals
Uh, oh turn the radio up
Uh, oh turn the radio up
Cause we're animals
Uh, oh turn the radio up
Uh, oh turn the radio up
We're animals

Tonight, things got a bit outrageous
And tomorrow, we're gonna get loud and wild
So kill the lights 'cause this high is so contagious
'Cause all we got is right here, right now
Ready or not, it's about to go down

Like ladidadida
Red cups up
With our gold chains on
Yeah they're playing my song
Like ladidadida
I'm sippin' on you while you're grindin' on me
This is how we be

'Cause we crash the party
And we don't leave 'till the sun comes up
We're just getting started
'Cause we up
Cause we yell that we're animals
Uh, oh turn the radio up
Uh, oh turn the radio up
'Cause we're animals
Uh, oh turn the radio up
Uh, oh turn the radio up

'Cause we crash the party
And we don't leave 'till the sun comes up

We're just getting started
'Cause we up
'Cause we yell that we're animals
Uh, oh turn the radio up
Uh, oh turn the radio up
'Cause we're animals
Uh, oh turn the radio up
Uh, oh turn the radio up
