

# BOTH

Todrick Hall

I can be a bitch, I can be a diva  
I can throw a pitch, I can play receiver  
I can turn a bad boy into a believer  
I can do both, I can do both

I can be your boytoy, I can be your bride  
I can shut my mouth, or I can open wide  
Do you want the masculine or feminine side  
I can do both, I can do both

I can do both, both, both  
I can do both, both, both  
I can do both, both, both  
I can do both, both, both

It ain't nothing but a flip of a switch  
Your sugar mama, pimp daddy, either way cause I'm rich  
When I'm wicked call me Glinda or that Elphaba witch  
Cause you could never make a boss out a regular bitch

Yeah, I'm sweet in Alabama but a freak in Atlanta  
I bounce that booty on your lap while I'm calling you Santa  
Do you prefer a hot pocket or a taste of banana  
I can do both bitch, I'm Hannah Montana

And baby I can wear your handcuffs, I can wear your ring  
I can be your princess, I can be your king  
I could be forever or I could be just a fling  
I can do both, I can do both

I can meet your mom or I could be for hire  
I can make you moist or I can start a fire  
Do whatever cheeky freaky deaky thing that you desire  
I can do both, I can do both

I can do both, both, both  
I can do both, both, both  
I can do both, both, both  
I can do both, both, both

I can do both, both, both (Do you know who the fuck you're fucking with?)  
I can do both, both, both (Do you know who the fuck you're fucking with?)  
I can do both, both, both (Do you know who the fuck you're fucking with?)  
I can do both, both, both (You better know who the fuck you're fucking with)

I could have that hot meal ready every time you come home  
Or have you breathin real heavy when your woman is gone  
I'll give you tats, fitted caps and this sexy cologne  
Or be that chick to send triple X pics to your phone

I'll give you sweet in the morning but a freak in the night  
Got my permission to put me in a position you like  
Yeah we can let somebody watch or we can turn off the lights  
Give you burlesque or a full Magic Mike

Cause baby I can do the dishes, I can wear the pants  
I can be your rollie, I can be your fans

You can turn me up and I'll obey all your commands  
I can do both, I can do both

I can be your home girl, I could be your bro  
I could be your whole world, I could be a hoe  
I could go whatever way the fucking wind blow  
I can do both, I can do both

I can do both, both, both  
I can do both, both, both  
I can do both, both, both  
I can do both, both, both

I can be your man, I could be your missus  
You can pull my hair or you can give me kisses  
And if you rub the lamp, I can grant a couple wishes  
I can do both, I can do both

And if we want a third, I can go get her  
Doctor or nurse, either way you feel better  
Be a one night stand, or I could stick with you forever  
I can do both, I can do both

I can serve cold fish, I can serve ruff trade (I can do both, both, both)  
You can call me a bitch, you can call me a babe (Both, both, both)  
Want a 30 inch weave or a full flow tee (Both, both, both)  
I can do both, baby (I can do both, both, both)

I can do both, both, both (Do you know who the fuck you're fucking with?)  
I can do both, both, both (Do you know who the fuck you're fucking with?)  
I can do both, both, both (Do you know who the fuck you're fucking with?)  
I can do both, both, both (You better know who the fuck you're fucking with)  
I can do both
