

Boys Wear Pink

Todrick Hall

I like when them boys wear pink
I like when them boys wear
I like when them boys wear pink
I like when them

Tonight your audience is your mirror (audience is your mirror)
Your water bottle is your microphone
I know you're thinking of what can hear you (thinking of what can hear you)
But baby just know you're not alone

To all of my full-time hater
Hatin' on me, puttin' in work all week
They can take several seeds
Cuz I'm loving just who I be
And all of my full-time slayers
Hittin' them life, grinding them with your life
Know you gonna be alright
I like when them, I like when them

Boys wear pink, girls wear blue
Imma do me so fuck your rules
Some girls like chicks, some guys like dudes
And if you don't care what they think
Give them hater a wink
Boys wear pink

I like when them boys wear pink
I like when them boys wear
I like when them boys wear pink
I like when them boys wear (boys wear pink)
I like when them boys wear pink
I like when them boys wear
I like when them boys wear pink
I like when them

Tonight your mob is your favourite dancer (mob is your favourite dancer)
Turn up the radio, play your favourite song
If you don't own no one no answers (own no one no answers)
Then just make glitter out of their sticks and stones

To all of my full-time hater
Hatin' on me, puttin' in work all week
They can take several seeds
Cuz I'm loving just who I be
And all of my full-time slayers
Gettin' them life, grinding them with your life
Know you gonna be alright
I like when them, I like when them

Boys wear pink, girls wear blue
Imma do me, so fuck your rules
Some girls like chicks, some guys like dudes
And if you don't care what they think
Give them hater a wink
Boys wear pink

I like when them boys wear pink

I like when them boys wear
I like when them boys wear pink
I like when them boys wear (boys wear pink)
I like when them boys wear pink
I like when them boys wear
I like when them boys wear pink
I like when them

Yo yo

Pose

Look up in the sky hoes, that's my nose
Holdin' my head high so everyone knows
Give a hairflip while I tip on my toes
They shooketh, they froze (froze)
I chose to make a "hell yes" in a world full of no's
Now I got two commas, six zero's
Haters wanna ask for a pass to my shows
They like when them

Boys wear pink, girls wear blue
Imma do me, so fuck your rules
Some girls like chicks, some guys like dudes
And if you don't care what they think
Give them hater a wink
Boys wear pink

I like when them boys wear pink
I like when them boys wear
I like when them boys wear pink
I like when them boys wear (boys wear pink)
I like when them boys wear pink
I like when them boys wear
I like when them boys wear pink
I like when them
