

# Dance Again

Todrick Hall

I want to dance again  
I want to dance again  
I want to dance again

I used to get lost in the lights all night  
I used to dance until I fell in love (Oh)  
But I learned to hold onto my cards real tight  
Cause once you show that King of Hearts you're done

So I built up barriers and barricades, baby  
Locked my heart in a ball threw the key away  
I don't need a pill just to real catch you melody  
DJ be my doctor prescribe me the remedy

DJ do you know how to make a broken heart want to dance again  
I want to dance again, I really want to dance again  
DJ do you know how to make a broken heart want to dance again  
I want to dance again, I really want to dance again

Cause I don't feel the rhythm the way I did before  
I just wanna be with somebody on the dance floor  
So DJ do you know how to make a broken heart want to dance again  
I want to dance again, I really want to dance again, Oh

I want to dance again

Used to pretend that I was fine, I'm alright  
Roll down the windows let 'em take the lead  
I gave up my heart ignoring all the red lights  
I used to let 'em make a fool of me

But I built up barriers and barricades, baby  
Locked my heart in a ball threw the key away  
I don't need a pill just to real catch you melody  
DJ be my doctor prescribe me the remedy

DJ do you know how to make a broken heart want to dance again?  
I want to dance again, I really want to dance again  
DJ do you know how to make a broken heart want to dance again?  
I want to dance again, I really want to dance again

Cause I don't feel the rhythm the way I did before  
I just wanna be with somebody on the dance floor  
So DJ do you know how to make a broken heart want to dance again?  
I want to dance again, I really want to dance again, Oh

I want to dance again  
I want to dance again baby  
I want to dance again

Why are we running, running, running  
Why are we chasing love?  
Why are we chasing love?  
Let's keep on dancing, dancing, dancing  
Till love comes chasing us  
Till love comes chasing us

Why are we running, running, running  
Why are we chasing love?  
Why are we chasing love?  
Let's keep on dancing, dancing, dancing  
Till love comes chasing us  
Till love comes chasing us

DJ do you know how to make a broken heart want to dance again?  
I want to dance again, I really want to dance again  
DJ do you know how to make a broken heart want to dance again?  
I want to dance again, I really want to dance again

Cause I don't feel the rhythm the way I did before  
I just wanna be with somebody on the dance floor  
So DJ do you know how to make a broken heart want to dance again?  
I want to dance again, I really want to dance again, Oh

I want to dance again  
Oh, I want to dance with you baby  
I want to dance again
