Dysfunctional

Todrick Hall

All my friends say, "Run away, he's gonna break your heart again"
(He's gonna break your heart again)
And common sense may say, "Be safe, he's probably better as a friend"
(He's probably better as a friend)

And my mama said he's too dangerous
And she right
But it's always those fucking dangerous ones
That I like

And I only said I hate you 'cause I love you, didn't you know?
Don't it make sense that your heart is my tattoo, mhmm?
You told me you were leaving, tell me to love her, didn't you know?
Does it make sense that what you need ain't what you want?
'Cause I would rather be dysfunctional with you

Dysfunctional
I would rather be dysfunctional

All your friends think that I'm toxic and they're absolutely right
(That I'm toxic and they're absolutely right)
But you never felt more safe than when you're wrapped up in my arms and spen
d the night
(Wrapped up in my arms and spend the night), mmm

And your mama get on my last standard
I can't lie
But she only wants me to be the man you deserve
So I'll try (I'll try) 'til I die

See, I only said I hate you 'cause I love you, didn't you know?
Don't it make sense that your heart and mine ain't through, mhmm?
The world will call us crazy, tell the world we already know
Does it make sense that what you need ain't what you want?
'Cause I would rather be dysfunctional with you

Dysfunctional
I would rather be dysfunctional

'Cause I'ma ride with ya
'Til the wheels fall off, 'til the wheels fall off
Then baby I'm down, down, down, down, down, down
'Cause I'ma ride with ya
'Til the wheels fall off, 'til the wheels fall off
Then baby I'm down, down, down, down, down, go, push
So, if you want me to be yours forever
If you're down to make me yours forever
Baby, all that I need is just forever
Promising we could be us forever

But all your friends think you should learn just to leave well enough alone
(Learn just to leave well enough alone)
But I still go crazy every time your number interrupt my phone
(Every time your number interrupt my phone), mmm

But I don't wanna win if it mean to lose you
Don't wanna pretend I don't miss you anymore

My heart was black and bruised, but it can't resist you
And know it's just a little sore

But I only said I hate you 'cause I love you, didn't you know?
(Didn't you know? Didn't you know?)
Don't it make sense that my heart is stuck on you?
The world will call us crazy (I don't care if they call us crazy, baby)
Tell the world we already know
Does it make sense that what you need ain't what you want?
'Cause I would rather be dysfunctional with you

(I would rather be for you, baby)
Dysfunctional, dysfunctional for my baby
(Dysfunctional) Oh, I will ride with you 'til the wheels fall off
'Cause I'm crazy about you, baby
(Dysfunctional) Yeah, I'm crazy 'bout my baby
And I'd rather be dysfunctional
Yeah, I'd rather be dysfunctional with you
