

Higher

Todrick Hall

Alright now, y'all know what time it is
I need everybody in their dance shoes and their dance clothes on the dancefloor
I don't know who you came with or came from or what you came for
All I know is you better kick

I came to shut the dancefloor down
These heels, they hardly touch the ground, I hear that whip, I love that sound
Whip it, whip it, whip it, so damn good
So make some room, get out my way
I came to work, I came to slay
DJ knows what record to play
Spin it, spin it, spin it, so damn good

Stretch it out bitch, stretch it out bitch, stretch
Work it up bitch, work it up, fitness
Fabulous, I'm strutting my stuff
Yeah, they say I'm extra but I say they're not enough

Better kick, better kick, better kick, better kick
Higher, higher, higher, higher
Better kick, better kick, better kick, better kick
Higher, higher, higher, higher

Dip on your toes, pick up your knees
Give me one hundred and eighty degrees
Hit six o'clock then whip your weave
Whip it, whip it, whip it, so damn good
At this speed, don't give the girls no rest
I want one hundred percent, no less
We're dirty, dancing with finesse
Spin it, spin it, spin it, so damn good

Stretch it out bitch, stretch it out bitch, stretch
Work it up bitch, work it up, fitness
Fabulous, I'm strutting my stuff
Yeah, they say I'm extra but I say they're not enough

Better kick, better kick, better kick, better kick
Higher, higher, higher, higher
Better kick, better kick, better kick, better kick
Higher, higher, higher, higher

That kick was cute but I think you can't kick (higher)
Why you down there when I know you can't kick (higher)
Child take your leg and put it to your head
Oh, you better kick, better kick, better kick (higher)

Little Toddy Walker doing too much
Flips and double dutch, triple toe touch
(Tell me, tell me) how you get so flexible?
(Tell me, tell me) how you get so flexible?
Little Toddy Walker being a bad bitch
Doing fan kicks, doing jump splits
(Tell me, tell me) how you get so flexible?
(Tell me, tell me) how you get so flexible?

Better kick, better kick, better kick, better kick
Higher, higher, higher, higher
Better kick, better kick, better kick, better kick
Higher, higher, higher, higher
Better kick, better kick, better kick, better kick
Higher, higher, higher, higher
Better kick, better kick, better kick, better kick
Higher, higher, higher, higher
