

It Gets Better

Todrick Hall

Hey You
With your head held high well
You got him real good
I hope it feels good

Hey You
Trying so hard not to cry well
I know you fed up but keep your head up
'Cause people only see what they wanna'
People gone believe what they gonna

They don't understand the life that you choose
They never walked a mile in your shoes
No no no no
So whatcha gonna do with the haters
Just gonna excuse their behavior
But just don't give up hope
I just want you to know ohhh

Maybe today seems cloudy and grey
So full of sorrow and tomorrow seems so far away
But it gets better it gets better
But it gets better it gets better
And I know the world keeps throwing your strife
But keep on strutting down this yellow brick road called life
'Cause it gets better it gets better
'Cause it gets better it gets better

Hey You
Wondering who you are
Saying there's something wrong here
I don't belong here
Hey You
Don't you know you've come so far
And there's no where to run to
I'll always love you

But people only see what they wanna'
People gone believe what they gonna
They don't understand the way that you feel
They never walked a mile in your heels
No no no no
So whatcha gonna do with your haters
Just gonna excuse their behavior
But just don't give up yet
Don't ever forget yeah

Maybe today seems cloudy and grey
So full of sorrow and tomorrow seems so far away
But it gets better it gets better
But it gets better it gets better
And I know the world keeps throwing your strife
But keep on strutting down this yellow brick road called life
'Cause it gets better it gets better
'Cause it gets better it gets better

Maybe today seems cloudy and grey

So full of sorrow and tomorrow seems so far away
But it gets better it gets better
But it gets better it gets better
And I know the world keeps throwing your strife
But keep on strutting down this yellow brick road called life
'Cause it gets better it gets better
'Cause it gets better it gets better

'Cause gets better
It gets better
