

LA LA Boom

Todrick Hall

La la la la boom, la la boom, la la boom, la la boom

I ain't lookin for commitment, just hit it and quit it, baby
But I know you won't forget it
And no sir, you ain't getting my number, you ain't stayin' over, baby
But you fine and you can get it

I ain't tryna be a groom
Turn the lights off in my room
Put the key in the ignition
And make it vroom vroom vroom vroom

La la la la boom, la la boom, la la boom, la la boom
You ain't the love of my life but we can fuck tonight
La la la la boom, la la boom, la la boom, la la boom
You ain't the love of my life but we can fuck tonight

You ain't the love of my life but we can fuck tonight

I ain't tryna be nobody's misses
Just want a friend with benefits, baby
Treat that body like a ring pop
I ain't lookin for no wedding ring, man
Just wanna be my own wing man, baby
Yeah I wanna see your peacock

I ain't trying be no bride
While you're knockin cum inside
Got a unicornicycle
You can ride ride ride ride

La la la la boom, la la boom, la la boom, la la boom
You ain't the love of my life but we can fuck tonight
La la la la boom, la la boom, la la boom, la la boom
You ain't the love of my life but we can fuck tonight

You ain't the love of my life but we can fuck tonight

La la la la la, la la la la la
Boom, boom, boom
La la la la la, la la la la la
Boom, boom, boom
La la la la la, la la la la la
Boom, boom, boom
La la la la la, la la la la la
Boom, boom, boom

La la boom, la la boom, la la boom
La la boom, la la boom, la la boom
La la boom, la la boom, la la boom
La la boom, la la boom, la la boom

La la la la boom, la la boom, la la boom, la la boom
You ain't the love of my life but we can fuck tonight
La la la la boom, la la boom, la la boom, la la boom
You ain't the love of my life but we can fuck

La la la la boom, la la boom, la la boom, la la boom
You ain't the love of my life but we can fuck tonight
La la la la boom, la la boom, la la boom, la la boom
You ain't the love of my life but we can fuck tonight

You ain't the love of my life but we can fuck tonight
