

Relove

Todrick Hall

I don't mean to be that guy trying to waste your time, but I like the way you move (Oh)
And I know I usually act shy but you caught my eye and I keep catching yours too
And my hearts been broken but it's open hoping you're free tonight
If you hold me close with both eyes closed you might kiss me back to life

Oh baby but can you teach me to rellove
Can you teach me to rellove
Can you teach me to rellove
This broken stuff could be enough for you
(Can you teach me to) rellove
(Can you teach me to) rellove
(Can you teach me to) rellove,
This broken stuff could be enough for you

The sun is coming up on us and if I'm honest baby I don't want you to go (no)
And it's too late now to erase this in a million faces it's yours I wanna know
So take my number call if you wanna I hope you wanna soon
'Till then I guess I'll see you in your dreams to dance with you on the moon

Oh baby but can you teach me to rellove
Can you teach me to rellove
Can you teach me to rellove
This broken stuff could be enough for you
(Can you teach me to) rellove
(Can you teach me to) rellove
(Can you teach me to) rellove,
This broken stuff could be enough for you

You got me feeling feelings again
It's like I'm dreaming
My first love killed me baby and then
You got me breathing
I thought my heart was unbreakable but
It's shattered to pieces
And on the outside, I built an unbreakable wall
Inside I'm screaming

Oh baby but can you teach me to rellove
Can you teach me to rellove
Can you teach me to rellove
This broken stuff could be enough for you
(Can you teach me to) rellove
(Can you teach me to) rellove
(Can you teach me to) rellove,
This broken stuff could be enough for you
