

## Silver Spoon

Todrick Hall

My mama told me, "You got it goin' on  
Some day you'll be a star on the big screen"  
Next day the phone rings  
I said, "What took so long?"  
I hopped in my new car, chasin' big dreams  
So I strutted right into the room  
I said, "Mr. Record Man, look what I can do"  
He said, "Your skin so black," and just like that  
All of my dreams came true  
He said, "I don't know what it is but girl you got it"  
You got it, so I got it  
"So welcome to the biz', sign your name on the dotted line  
It's your time in the spotlight"  
Never did feel so hypnotic  
And the world made room for the girl with the silver spoon

Mwah!
