

Skipping On Stars

Todrick Hall

Skipping, skipping on
Skipping on stars with you

I think I like when we touch
I think I might have a crush
I think that you make me blush
I think I like you a little too much

And I think you're one of a kind
I think you wanna be mine
I think that I wouldn't mind
I think I think of you all of the time

But what do we do with this "I love you"
That we accidentally decided to say?
So come on let's ride, ignore the red lights
So we can make love in our own galaxy

Skipping on stars
Making out in the clouds
Thinking about kissing on Mars, wooh
The galaxy is ours
You and I, it's a vibe
Looking like two rebel hearts, do

Skipping on stars with you (Skipping, skipping on)
Ahh (Skipping on stars with you)
Skipping on stars with my baby
Skipping on stars with you (Skipping, skipping on)
Woo (Skipping on stars with you)
Skipping on stars with my baby
Skipping on stars with you

They think I'm crushing on you
I think the rumors are true
I think I like how you move
I think when it's love there ain't nothing to prove, no

And I think you're driving me wild
I think I'm digging your style
I think you'll be here for awhile
'Cause I know I love how you're making me smile
Woah

So what do we do with this "I love you"
That we never thought we'd be able to say
Now baby let's ride, ignore the red lights
So we can make love in our own galaxy

Skipping on stars
Making out in the clouds
Thinking about kissing on Mars, wooh
The galaxy is ours
You and I, it's a vibe
Looking like two rebel hearts, do

Skipping on stars with you (Skipping, skipping on)

Ahh (Skipping on stars with you)
Woo-hoo, skipping on stars with my baby
Skipping on stars with you (Skipping, skipping on)
Woo (Skipping on stars with you)
Skipping on stars with my baby
Skipping on stars with you

It's the way you move, the way you talk
Got my heart skipping so much that it forgot how to work
In a million hearts you're the one
And when you kiss me, my heart, it don't skip, it just runs

Woo
Making out in the clouds
Thinking about kissing on Mars, wooo
The galaxy is ours
You and I, it's a vibe
Looking like two rebel hearts, do

Skipping on stars with you (Skipping, skipping on)
Woo (Skipping on stars with you)
Skipping on stars with my baby
Skipping on stars with you (Skipping, skipping on)
Woo (Skipping on stars with you)
Woo, skipping on stars with my baby
Skipping on stars with you

Skipping on stars with you
Skipping on stars with you
You and only you
Skipping on stars with you baby
Skipping on stars with you
