

# Without U

Todrick Hall

I can't run to your rescue  
My fairytale just can't come true  
Without U  
Without U  
I can't thrust or touch the moon  
Baby there's no autotune  
Without U

I can't scrub or hum a song  
There's no mouse to sing along  
Without U  
Without U  
There's no pumpkin in this dump  
I can't wear those fierce glass pumps  
Without you

Without U  
Oh oh oh  
Without U

I can't run, I can't jump  
I can't listen to My Humps  
My hump my hump my hump my humps  
Check it out  
Without U  
Without U

I can't quit now, just can't stop  
I can't work off this muffin top  
Without U  
Without U

No more crumbs, I can't be found  
There's no music, there's no sound  
Without U  
Without U

I can't land my roundoff tuck  
My fairytale just freakin' sucks  
Without U

Without U  
Oh Oh Oh  
U, U, U  
Without U  
U, U, U  
Oh Oh Oh  
U, U, U  
Without U

If true loves kiss can break this curse  
We'll find a way to make it work  
Without U  
Without U  
Without U
