

Lost

together PANGEA

You know you care what you do or say
You take that money and you put it away
You know you care about what's right and wrong
You know you listening to Blonde on Blonde but

I am lost
Yeah, I am lost

You can't keep doing what your daddy did
You draw em in and then you give em the slip
You can't keep living like its 99
You know you thinking that it's time time time but

I am lost
Yeah, I am lost

I might just wait too long
I might just wait too long
I might just wait too long
I might just wait too long but

I am lost
Yeah, I am lost
Yeah, I am lost
Yeah, I am lost
