

Snakedog

together PANGEA

Kicking around, kicking with you
West Coast time find something to do
Chase it around, let it chase you
Give it some time, you know it's hard to!

Nobody told you you had to be alive
As far as I care, you can all die
You can all die
My snakedog

Kicking around, kicking with you
West Coast time find something to do
Somebody care, don't want to
Give it some time, and let it get you

Nobody told you you had to be alive
As far as I care, you can all die
You can all die
My snakedog

Nobody told you you had to get wasted
All I ever wanted was to get twisted
Nobody told you you had to get wasted
All I ever wanted was to get twisted
Oh no, alright
My snakedog

Nobody told you you had to be alive
As far as I care, you can all die
You can all die
My snakedog
