

Summertime

together PANGEA

Come with me, my sweet pea
Down by the river, down by the tree
You can take off them little jeans
Get in the water and swim with me
Well I can't stop looking at you
Thinkin' about the things I wanna do
I'd lay you down in the grass
Baby we can go slow or we can go fast

But we can't stop now it's the summertime
Can't stop now it's the summertime

La la la la la la la la
La la la la la la la la
