She sit in my shotgun like the barrel, bow
Your girl is fare, mine is feral, bow

VIP list, I put all my dogs down, call it euthanized
VIP list, I put all my dogs down
Like my doggy got a tumor, target always on me
Let's find the shooter barkin' up the wrong tree

She's supposed to be the famous one
I'm just a dork who's good with words according to the nerds
I'm bored with human's earth, let's tour the universe
My storage unit's worse than hoarder boomers were
I'm more elusive than the Lord and Lucifer
I'm more reclusive than the dorky students were
The whores are foolish, but my boys are stupider
She's more abusive, but I'm sorta used to her
The corner unit's got the porch, I'm moving further
The more I move, it's like the more I'm doing to her

She sit in my shotgun like the barrel, bow
Your girl is fair, mine is feral, bow

I can't take off work, but I can take off your apparel, bow
I'm Ebenezer Splooge and my life's a Christmas carol, bow (Pa-pa-pa-pa-pa-pa-pa-pa)

I make global tsunami out of a raindrop
Put that halo in back of him like a GameStop
Show up after the site I feel like a dot com
I gave an autograph to the cop instead of a fingerprint
I gave a body cast to the bitch, I might not be hittin'
Probably won't follow back, but I will follow haters in the crib

Rap game Ebenezer, don't come to me with that joyful bullshit (Bullshit)
All that's left in this world that I live for is rap and one-
night stand roleplay
My friend got so used to me sayin' I'ma kill myself, he responds like, "Okay
