Bro sent me a song, I said I'll listen when I'm free  
The game I like to play is "Guess the person he pretends to be" (Pretends to be)  
My favorite one was east side ATL dude sellin' keys  
My least favorite one is when he pretends he's me (Pretends he's me)  
It must be fun decidin' when he leave home  
Which personality is most intriguing when the beat goes (The beat)  
Before I met him I swore he was Al Pacino  
But when I met my hero he sounded like Ben Shapiro  
I gotta get way better at lyin' to fans, I suck  
I shouldn't have said I signed to Atlantic Records (Fuck! )  
I shouldn't have said I'm depressed  
Being depressed was only in around (When?)  
2015, it's much cooler to be autistic now  
By the way I'm autistic (Right)  
By the way I'm dyslexic (Right)  
By the way I got a big dick (Uh-huh)  
By the way I got cancer (Right)  
Matter of fact, I got three weeks (Yep)  
They gon' want to get a picture with me just so when I die they can retweet

Ayy, brand new whip, AMG with the roof curved (With the roof curved)  
Don't look at the sticker that say "Uber" (It's an Uber)  
I give your identity some new work (It's a new work)  
You know who got integrity? - A loser

Lot of people like a rapper when they're fly or they're real or their flow's different  
I prefer a rapper with the best lies, real sly and they go with it  
I like rappers with a Ukraine flag, Palestine flag, posting it  
No context, plus you know they got a lot of money but they don't give it (No pe)  
Even more than that, I like a rapper in a cool car looking cold in it (Go)  
Even though it's rented and they got charged more 'cause they blow smoke in it (Go)  
I even know a rapper lyin' that he got shot, he might be the G.O.A.T. with it (G.O.A.T.)  
When I saw his rollout I was real jealous, think he went gold with it (Think he went gold with it)  
Think he went gold with it  
I like rappers when they post plaques but it's fake stats and they pose with it  
I like rappers who forget they have a son up until they do a post with him  
Or when they cancel shows 'cause they say they're sick but it's 'cause they sold no tickets

I shouldn't have said that I was raised Jewish (Fuck! )  
I shouldn't have said I'm single, why'd I do that? (Shit! )  
People like a power couple now, who's the new Kim? (Who's Kim?)  
People like a power couple, who's the new Zendaya? (-daya)  
Who's a cooler Jada I can do a QnA of?

I know an actress, she told me her boyfriend ain't her boyfriend (Boyfriend)  
Who am I to judge, that man is more famous than Token (Token!)  
I gotta get a celebrity crush and shoot my shot  
We don't even gotta fuck, I just wanna do couple of photoshoots and talk  
Honestly, do you believe two celebrities fallin' in love, you're kidding you  
rself  
It's the most powerful thing to help a career other than killin' yourself (K  
ill yourself)  
Don't kill yourself, just develop a drug problem then get clean, it could re  
ally help  
Or just don't and say you did, bro, you don't even need receipts  
Zendaya, Tom's a pussy, trust me, DM me (DM me)
