

# Thank God

Token

I got one life to live, I said "Baby, let's get high"  
I don't really remember too much but what I remember was puttin' [?]  
Yeah, yeah

I got one life to live, I said "Baby, let's get high"  
Six-thousand square feet, it's time to treat them like they're mine  
Phinny rolled the wood up, put my foot up and reclined  
With my baby that I almost broke up with out of pride  
(Yeah, I remember that day like-) I do a lot because of pride  
Wholesome parties gotta be the most twisted one inside  
It's been a fucked up year, I spent half on getting high  
Guess the more I learn about myself the more I want to hide  
But, my sister finally clean, thank God  
Momma beat cancer, thank God  
Dad's just had a heart attack, and big man survived  
I gotta remember, thank God  
(T, finish everything) I said don't eat enough  
I just told my homie 'bout it but I kept it brief enough  
Four hours at the gym, workers think I'm getting buff  
Everybody at the crib know I'm the least healthy one  
Don't gas me, I'm the one  
Hoes had me on a run, throat raspy off a blunt  
"Token, why the wait?" No caffeine in the cup  
Gotta put my brakes up, coke addict in my blood  
But, I'm getting wise, thank God  
I don't do lines, thank God  
My ex moved on and that shit affect my pride  
But I feel fine, thank God (I was thinkin' 'bout that day)  
I wanna be a gentleman but I don't got a man and sketch  
I don't got a grandpa left  
And I love my dad a lot but he ain't teach me nothing yet  
Teacher touched him as a kid, he won't even have sex  
Thank God I'm alright  
I was thirteen when an older homie touched me  
I thought if I said it out loud  
It'd make it seem more real than it is now to me  
I'm not gay, if I was gay, I would be proud to be  
Life is funny tho', I won't even talk to dude  
But he got a younger sister that my girlfriend used to fuck with too  
Small world, lotta secrets in that bitch  
Never talked to God, but I feel like he speaking on this bitch  
Knew he hit a lot of muscle and the demons  
And I think life is all about balance  
Pink-pink-pink-pink, thank God  
Woo

I don't know, I think you think too much  
Everyone has been on both sides  
Some people just need to... put in more effort to find the balance
