

# Lightning Strikes

Tokyo Blade

I want to know if there's a reason  
We keep on searching, we don't find a clue  
In the gutter, in the free zone  
We're all monkeys in a human zoo

I won't take it any longer  
Street lover, a love alone  
The storm is raging, it's getting stronger  
It's like a bomb, it's ready to blow

Thunder rolls, and I can't live forever  
Thunder rolls, I just can't take it

Lightning strikes straight through the heart  
Lightning strikes straight through the heart  
Lightning strikes straight through the heart  
Lightning strikes straight through the heart

Keep trying just a little harder  
Give me an inch and I'll take the world  
I'm hungry, think I'll raid the larder  
I need attention like a little girl
