

Rubber Bands

Tokyo Police Club

Rock legs, rock hands
Rock stars and rubber bands
Your logo in lights
Who's wrong, who's right

Anything will get me where I'm going

Twelve bars for my blues
Which one will I choose?
Option A: Cute girls
Option B: Not sure

But anything will get me where I'm going

Oh your lips are glowing
Oh my ego's showing
Oh who here's worth knowing?

Are you on the market?
I love an easy target
A night for a sound
One more going down

Anything will get me where I'm going

Who likes the tempo?
I like the tempo
Who likes the tempo?
I like the tempo
Who likes the tempo?
Who likes the tempo?
I like the tempo
We like the tempo

Voulez vous coucher avec moi?

Oh your lips are glowing
Oh my ego's showing
Oh who here's worth knowing?

Yeah your lips are glowing
Yeah my ego's showing
Yeah who here's worth knowing?
