

# Simple Dude

Tokyo Police Club

I want you wearing white  
I want you in a frame  
Nothing but a t-shirt  
Dancing in the rain

'Cause I'm just a simple dude  
With an ordinary mind  
I want you in your body  
Hold it next to mine

'Cause everything you do is a new sensation

My eyes, your eyes  
Pulling me in closer  
My hands, your hands  
I been feeling lonely  
Your touch, my touch  
I feel the rush  
And I been waiting for it  
Waiting

Not that you could tell  
Not that you would guess  
By the way I'm talking  
By the way I dress

I'm just a simple dude  
With a complicated soul  
I want you in your body  
Tell me and I'll roll

'Cause everything with you is a new sensation

My eyes, your eyes  
Pulling me in closer  
My hands, your hands  
I been feeling lonely  
Your touch, my touch  
I feel the rush  
And I been waiting for it

My skin, your skin  
I can feel it coming  
Hips pressed, undressed  
And my heart is running  
Day in, day out  
I'm all about it  
And I been waiting for it

As the days go by  
Pulled across the sky  
Just your average guy

My eyes, your eyes  
Pulling me in closer  
My lips, your lips  
I been feeling lonely

Your touch, my touch  
I feel the rush

My skin, your skin  
I can feel it coming  
Hips pressed, undressed  
And my heart is running  
Day in, day out  
I'm all about it  
And I been waiting for it

I been waiting for it  
I been waiting for it  
I been waiting
