

W.M.

Tom Aspaul

Heartbreak in the W.M

Heartbreak in the W.M

I couldn't stay there and I left all my friends

I'm back to a place where it all began

I'm so gone, gone

Heartbreak in the W.M

I left all my stuff and I didn't say goodbye

Had to pull over on the side of the road

What have I done?

So we're gonna take a ride on the Midland Metro

Line 1, 'cos there's only one line

Are you out of your mind if you let your head go?

We'll see

I like those grey skies

I like those neon lights

I'm going out tonight

In the W.M

In the W.M

(Gonna make myself happy, ow)

Can you feel it?

When you're driving down the M6 on your own?

Now, ooh, do you believe it?

That there really is no place like home?

Through the smog, through the traffic

It ain't no beauty, geographic

It ain't no fun anymore

Since I stepped out my front door

But it ain't going anywhere

If you need it, it's still there

And we love it

(Yes we love it)

I like those grey skies

I like those neon lights

I'm going out tonight

In the W.M

In the W.M

(Gonna make myself happy)

Back to my single bed

Where I'd dream of my escape

I've got one life to make

In the W.M

In the W.M

(Gonna make myself happy, ow)

Heartbreak in the W.M

Heartbreak in the W.M

Heartbreak in the W.M

Heartbreak in the W.M

So we're gonna take a ride on the Midland Metro

Line 1, 'cos there's only one line

Are you out of your mind if you let your head go?
We'll see

I like those grey skies (I like those grey skies)
I like those neon lights
I'm going out tonight
In the W.M
In the W.M
(Oooh the W.M.)
(Gonna make myself happy)
Back to my single bed (my single bed)
Where I'd dream of my escape
I've got one life to make
In the W.M
In the W.M
(Gonna make myself happy)
