

I'm the One for Me

Tom Beck

I've been thinking about you lately
Know you sounded high
No, no girl
I've been thinking about you lately
Come on let me climb inside
Alright
I know there may be others
But I think of you as mine

Chorus

No one moves me like you do
We were meant to be
No one moves me like you do
And anyone can see
No one moves me like you do
And I know that we
Ain't never gonna stop
I got your key in my pocket
Cause I'm the one for me

Oh...Yeah...Uh

Sometimes you drive me crazy
Sometimes you drive me wild
I go wherever you may take me
Cause hey I like your style
Alright
And even when we get there
We can go another mile

Chorus

It's no one moves me like you do
We were meant to be
No one moves me like you do
And anyone can see
No one moves me like you do
And I know that we
Ain't never gonna stop
I got your key in my pocket
Cause I'm the one for me

I know there may be others
But I'm think of you as mine
Cause even when we get there
We can go another mile
Yeah

Chorus

It's no one moves me like you do
we were meant to be
No one moves me like you do
And anyone can see
No one moves me like you do
And I know that we
Ain't never gonna stop

I got your key in my pocket
Cause I'm the one for me
