

Man Chat

Tom Cardy

I'm a man's man doing all that I can
Dealing with my emotions
When things get overwhelming here's what I do
A hot man tip from me to you, you gotta

Vomit in your mouth and swallow it (yum, yum)
All my emotions are back inside mt tum-tum where they belong
Vomit in your mouth just a little bit and swallow it, nice
I forget why I was sad in the first place

Hey Tom, how are you feeling today?
Disgusted and confused, but not at all sad
Nice
