

Please

Tom Gregory

Please please
Saying please don't leave, never leave

I've only got one second of breath
I never get another minute to rest
'Cause you're always on my mind
Think about you all the time

I guess I must be colour blind
To me it all seemed black and white
But it hurts for me to know
This could be the last goodbye

I said please, please don't leave me
Even in the silence you hear me
Saying please don't leave, never leave
Oh I said please, please don't leave me
I'm calling out your name do you hear me
Saying please don't leave, never leave

Oh I said please
Please please
Saying please don't leave, never leave
Oh I said please
Please please
Saying please don't leave, never leave

I feel like I'm one step behind
In a race without the line
Yeah you're always on my mind
But now I gotta see the signs

I wear my heart upon my sleeve
Just for you to watch it bleed
Yeah it hurts for me to know
That this could be the last goodbye

I said please, please don't leave me
Even in the silence you hear me
Saying please don't leave, never leave
Oh I said please, please don't leave me
I'm calling out your name do you hear me
Saying please don't leave, never leave

Oh I said please
Please please
Saying please don't leave, never leave
Oh I said please
Please please
Saying please don't leave, never leave

I said please, please don't leave me
I'm calling out your name do you hear me
Please don't leave, never leave

I'm calling out your name do you hear me
Saying please don't leave, never leave

Oh I said please
Please please
Saying please don't leave, never leave
Oh I said please
Please please
Saying please don't leave, never leave
