I heard you came at 7
I heard you know my name
Please let me pull up beside you
In the mood to entertain
So tell me something 'bout you
Whisper that in my ear
This place is overcrowded
How 'bout we disappear?

So turn that heat up and never cool down
This thing that I've got will put your head in the clouds?
It's certified we'll fly tonight
If you're down, I am too

I want to move you up
Don't have to do too much, yeah
You're so certified
You're so certified

I said I smoke a bit (Oh yeah)
You got that lemonade
Let's take a bath in the bubbly
And let's get lost for days
Kiss you slowly when the lights go down
Our naked bodies are on fire right now

So turn that heat up and never cool down
This thing that I've got will put your head in the clouds?
It's certified we'll fly tonight
If you're down, I am too

I want to move you up (Move you up)

There ain't nobody in this game like you (You're so unique)
And there definitely ain't nobody gon' fill them shoes (Size five)
And the fact that you chose me, I feel so cool (You've got me flexing)
So let's take it home (Hold on)
Just keep it tight (Hold on)
Hold on, hold on, hold on
